

# Reviewing Skills and Methods for Outdoor Educators

Presented and facilitated by Dr. Roger Greenaway

Outdoor and residential experiences can have a significant impact on young people's social and emotional development. This programme will enable you to facilitate reflection in ways that capture energy and imagination while ensuring that new experiences result in real and lasting benefits for young people.

**When;                    26th – 27th February 2015**

**Where;                 Pixies Holt Outdoor Learning Centre, Dartmoor**

**How much;            £192 (inc VAT) includes all meals & accommodation**

Full details of the course program can be found on Roger's website;

Dr. Roger Greenaway provides training and consultancy for developing practical debriefing and facilitation skills. He has earned his reputation by helping educators and trainers learn how to maximise the benefits of active learning. This is typically achieved by developing dynamic approaches to the reviewing and transfer of learning.
